OneSchool Global - Stonewall Campus

**Location:** Stonewall, MB

**Date:** August 2017

## about:

OneSchool Global - Stonewall Campus (OSG), is a private school that caters to grades 3-12. OSG is a global education system that focuses on 21st-century learning, and designed its schools to reflect that! Flexxform provided flexible learning by providing soft-seating for the learning commons.

## products included:

Rio, Ava, Ava 2, Sr. Era, Jr. Hue, and Uva

The products were upholstered in J. Ennis Challenger Vinyl.

## testimonial

"The furniture has provided an opportunity for all learners to learn with their flexible seating options. Our Elementary Learning Centre has been supplied with many options to suit all types of learning modalities. They are the first choice students chose when they are out in the learning center. The flexibility of the seating allows all students to get comfortable for their learning, with opportunities to learn in a non-traditional classroom setting. The environment is inviting with bright colors and different seating options. The furniture is very durable and easy to clean!"

- Principal at OneSchool Global - Stonewall Campus
